FREEZING

Inverter System | The CHiQ super-efficient inverter system runs quieter than traditional compressors, maintaining consistent cooling to keep food fresher for longer—while also reducing energy consumption.

Multiple Temperature Modes | Easily switch between Freeze, Soft Freeze, Chill, Fridge, Cellar, and Fast Freeze modes. – with an additional Fast Freeze option available in Freeze mode.

Frost Free | The CHiQ Frost Free feature maintains the correct internal temperature for more effective food preservation meaning there is no need to manually defrost the unit.

Multi Air Flow | The system ensures chilled air reaches each shelf quickly and uniformly to ensure the food will stay fresher for longer.

Door Alarm | If you leave the door opened for a period, the door alarm will activate to remind you to close the door.

LED Display with Control | The LED digital temperature display and electronic controls ensures the optimum control of the fridge and allows for seamless setting adjustments for different modes.

Reversible Door | This item comes as Left Hand Door opening. The design allows you to change to Right Hand Door opening if that best suits your needs. The installation kit to change the door is included.

Interior LED Light | LED lights are energy efficient, reduce heat output and provide better lighting.

Assistant Handle | Open the door easily, the assistant handle makes for easy operation.

Fast Cooling / Freezing | Fast Cooling / Freezing mode quickly seals the freshness of stored items.
