Inverter System | The CHiQ super-efficient inverter system runs more consistently and at controlled speeds, which maintains a constant temperature to keep your food fresher. The compressor uses significantly less energy due to the constant operation and is also quieter than traditional compressors.

Hybrid Fridge / Freezer | Switchable between Refrigerator (2°C to 8°C) and Freezer (-16°C to -28°C) by adjusting the Digital Temperature Control.

Frost Free | The CHiQ Frost Free feature maintains the correct internal temperature for more effective food preservation meaning there is no need to manually defrost the unit.

Multi Air Flow | The system ensures chilled air reaches each shelf quickly and uniformly to ensure the food will stay fresher for longer.

Door Alarm | If you leave the door opened for a period, the door alarm will activate to remind you to close the door.

LED Display with Control | The LED digital temperature display and electronic controls ensures the optimum control of the fridge and allows for seamless setting adjustments for different modes.

Reversible Door | This item comes as Left Hand Door opening. The design allows you to change to Right Hand Door opening if that best suits your needs. The installation kit to change the door is included.

Interior LED Light | LED lights are energy efficient, reduce heat output and provide better lighting.

Assistant Handle | Open the door easily, the assistant handle makes for easy operation.

Fast Cooling / Freezing | Fast Cooling / Freezing mode quickly seals the freshness of stored items.
