5 STAR
ENERGY RATING

Inverter System | The CHI Q super-efficient inverter system is quieter than traditional compressors, and also keeps your food fresher for longer, which saves on energy consumption.

Frost Free | The CHI Q Frost Freez feature maintains the correct internal temperature for more effective food preservation meaning there is no need to manually defrost the unit.

Multi Air Flow | The system ensures chilled air reaches each shelf quickly and uniformly to ensure the food will stay fresher for longer.

Door Alarm | The door will ring after being opened for a period of time to remind you to close the door.

Electronic Control | You can use the digital display to adjust the temperature, to meet your requirements.

Humidity Control Crisper | You can adjust the integrated humidity control slider to low setting which allows fruit to stay fresh for longer or you can adjust the setting to high which helps leafy vegetables to stay crisp for longer.

Fast Cooling | When you are placing new items of food in the refrigerator you can activate fast cooling to lower the temperature to maintain the freshness of the stored items.

Reversible Door | This item comes as Right Hand Door opening. The design allows you to change to Left Hand Door opening if that best suits your needs. The installation kit to change the door is included.

Interior LED Light | LED lights are energy efficient and reduce heat output and provide lighting for a better internal view of your contents.

5 STAR Energy Rating | CHI Q new frequency electronic control 348L Top Mount, with 5 star energy rating, low noise, frost free, multi air flow, fast cool and more stable temperature, is your smart choice for everyday family needs.
